Technology**
Department of Computer Science & IT
Bachelors in _____

Course Code and Title:

_____ Date:

Cognitive Domain Assessment Rubric – Level C3 (for Laboratory Work)			
Criterion	Level of Attainment		
	0	1	2
Problem Identification	Not able to correctly identify the problem(s) and all required data (input and output).	Able to partially identify both the problem(s) and the required data (input and output).	Able to correctly identify the problem(s) and all required data (input and output).
Problem Solving Skills	Uses an ineffective strategy to solve the problem(s) and completely misses the steps.	Uses an adequate strategy to solve the problem(s) but misses some details.	Uses an effective strategy to solve the problem(s) and clearly identifies the steps.
Implementation & Debugging	Incomplete implementation and ineffective debugging skills. Major errors in the code.	Adequate implementation and fair debugging skills. Few errors in the code.	Efficient implementation and excellent debugging skills. Code works without any error.
Deliverable(s)	Cannot generate the desired output.	Generates partially correct and partially complete output.	Generates correct and complete output.
Depth of Knowledge	Does not grasp the concepts covered in the lab and cannot identify	Fair grasp of the concepts covered in the lab and can	Thorough grasp of the concepts covered in the lab and can apply it in

	any real-life application.	vaguely identify a real-life application.	real-life situations.
